Summary

Software Developer and Data Analyst with skills in Python, Web development, SQL, React and Java. Strong interest in software development, data analysis and problem-solving.

Projects & Skills

Flask Cohere Chatbot	2026 - 2026
Built a conversational AI web application from scratch using Python, Flask and Cohere's LLM API	
Zara-Scraper	2026 - 2026
A Python notebook that scrapes men's shirt listings from Zara (name, price, and product image) and exports the results to CSV, JSON and a web page	
Payment Funnel Analysis	2026 - 2026
Analyzed payment funnel dynamics and checkout friction for enterprise B2B SaaS subscriptions. Identified that only 24.0% of subscriptions successfully convert to paid status, leaving \$353,500 (77.3% of total pipeline revenue) uncollected	
Healthcare Analytics & Data Pipeline	2026 - 2026
Provided an end-to-end data pipeline and analytical suite for a synthetic healthcare dataset. Covered data cleaning, deduplication, schema standardization and SQL/Python (Hex environment)	
Diabetes Prediction App	2026 - 2026
Trained a scikit-learn classification model and deployed it via Streamlit for real-time browser predictions	

Education

University of Colorado Boulder	2026 - Present
M.Sc. in Data Science	
Toronto Metropolitan University	2013 - 2017
Certificate in Computer Programming Applications	
Big Data Energy Courses	2025 - 2026
Big Data Energy (Beginner & Intermediate SQL)	

Experience

Appen	Remote Contractor
Internet Analyst & Social Media Evaluator	2025 - Present
Demonstrated strong attention to detail consistently meeting quality assurance and productivity targets	
Self Employed	
Software Developer / Data Analyst	2023 - Present
- Built web applications, using Flask & Django, HTML/CSS, Java, Visual Basic and React - Analyzed and cleaned datasets using SQL to perform Exploratory Data Analysis, translating data into story-driven business insights	
Self Employed	Toronto, ON
Freelance Computer Technician & Academic Tutor	2000 - Present
- Diagnosed and resolved software/hardware failures for many clients with a 100% satisfaction rate - Boosted student math/stats averages from 50% to 80%
